

**1J1026 (20 A) 1J1027 (40 A) & 1J1028 (60 A)
Conventional 2-Terminal Fixtures**

**1J10264 (20 A) 1J10274 (40 A) & 1J10284 (60 A)
SMD Bottom Contact 4-Terminal Fixtures**

**1J1031 (60 A)
SMD Bottom Contact 2-Terminal Adaptor
Fixtures for use with 6565 DC Bias Unit**

*1028
Conventional Fixture*

*1031
SMD Adaptor*

*10274
SMD Fixture*

A variety of Fixtures and Adaptors are available for use with the Wayne Kerr 6565 DC Bias Unit series. The two parameters which determine the best fixture to use are the DC current rating and the DUT configuration. The following table details the selection:

DC Current Rating	DUT CONFIGURATION		
	Conventional (Leaded)	Surface Mount (Bottom Contact)	
		2-terminal	2-terminal
20 A	1J1026	1J1026 with 1J1031	1J10264
40 A	1J1027	1J1027 with 1J1031	1J10274
60 A	1J1028	1J1028 with 1J1031	1J10284
